SPECIAL INSTRUCTIONS TO STATE ASSEESSES OF INTERCOUNTY PIPELINES – NONCOMMON CARRIER PIPELINES

Under the provisions of section 826 and 830 of the Revenue and Taxation Code and section 901, Title 18, California Code of Regulations, the Board of Equalization requests that you file a property statement with this Board between January 1, 2003 and 5:00 p.m. on March 1, 2003. The property statement shall be completed in accordance with instructions included with the property statement and in the publication titled *Instructions for Reporting State-Assessed Property*, Publication No. 67PL, for lien date 2003. If you do not have these instructions, please let us know and we will mail them to you.

All parts of the property statement must be filed by March 1 (exceptions — see “N/A” below). Extensions of time for filing the property statement or any of its parts may be granted only on a showing of good cause under a written request made prior to March 1. Failure to file timely will result in an added penalty of 10 percent of the assessed value as required by section 830 of the Revenue and Taxation Code.

A positive response is required for all parts of the property statement. If a requested item does not apply, please so state. Failure to respond to all parts of the property statement may subject you to the penalties of section 830 of the Revenue and Taxation Code.

Item 3 requirements need not be returned if there is nothing to report. However, a positive response under the “N/A” column on page S1F is required for those forms not returned.

THE PROPERTY STATEMENT INCLUDES:

1. BOE-517-PN Schedule I – CALIFORNIA PIPELINE LOAD FACTORS (may include a statement of future use if a major difference from the prior year is forecasted).
2. A copy of your 2002 annual report to the California Public Utilities Commission, if required to file.
3. A copy of your 2002 annual report(s) to federal regulatory agencies, if required to file.
4. Supplemental information as required.

Report book cost (100 percent of actual cost). Include excise, sales and use taxes, freight-in, installation charges, finance charges during construction, and all other relevant costs required to place the property in service. Do not reduce costs for depreciation (which must be reported separately). Report separately the details of any write-downs of cost, extraordinary damage or obsolescence, or any other information that may help the Board in estimating fair market value.

N/A – Not Applicable

For purposes of these instructions, pipelines include the facilities and appurtenances that are essential to the intercounty transportation or transmission systems, but shall exclude the contents of such pipelines.

DOLLAR-AGE DETAIL REPORT: Fixed Equipment – (Form BOE-533-PF)

Items shall be identified by location, description (i.e., account number and account name), acquisition date, and acquisition cost. No more than one location per page.

DOLLAR-AGE DETAIL REPORT: Continuous Pipeline – (Form BOE-533-PP)

Pipelines shall be identified by location, description (i.e., account number and name), acquisition date, and acquisition cost. No more than one flume, canal, ditch, or aqueduct per page.

PIPELINE MILEAGE REPORT – (Form BOE-575-P)

Each pipeline shall be identified by name with lengths shown to the nearest hundredth of a mile for each county. No more than one flume, canal, ditch, or aqueduct per page.

NOTE: All replacement cost studies, obsolescence requests, and other voluntary information that assesses believe affects the value of their property must be filed with the property statement or by a date granted by a formal extension. If such information is not filed by that date, staff is not required to consider it in determining its unitary value recommendation.
